

Benelux Venture Forum Winners

The 13th Benelux Venture Forum has taken place in Leuven, Belgium on the 5th of June. The event allowed promising companies to network with international investors from all over Europe. The aim of the event was to provide the companies matchmaking opportunities with investors and also to showcase over 40 of the best entrepreneurs from the Benelux who are operating in the ICT, Cleantech or Life Sciences sectors.

At the end of Benelux Venture Forum 12 winners have been awarded by a jury of investors and experts. These companies are also automatically invited to present their business again in December at the prestigious European Venture Summit which is Europe's leading venture event.

The awarded companies from Benelux Venture Forum are:

- ICT:**
- nCentric (ncentric.com)
 - Right Brain Interface (bhaalu.com)
 - Viloc NV (viloc.eu)
 - Avionics Control Systems (aviiconsys.com)
